versus

BALDEV SINGH, son of S. INDAR SINGH, village Dumna, Tahsil Rúpar, District Ambála

AMBALA NORTH (SIKH) CONSTITUENCY.

ORDER.

The election of Sardar Baldev Singh as a member of the Punjab Legislative Assembly for the Ambála North (Sikh Rural) Constituency has been challenged by a rival candidate, namely, S. Gurbakhsh Singh on the ground that the latter's nomination was improperly rejected by the Returning Officer. As many as eight nomination papers were filed by him ; but they were all held to be so defective as to entail the refusal of the nomination. We shall, however, consider only one of them, namely, No. 57 which is the least open to objection. The defect is said to be in filling in entries Nos. 10 and 18 in form No. XI appended to the Punjab Legislative Assembly Electoral Rules. Entry No. 10 is for the 'number of the proposer in the electoral roll of the constituency'. Entry No. 18 is for the 'number of the seconder in the electoral roll of the constituency'. The following foot note gives directions for filling in the entries :—

"Where the electoral roll is sub-divided and separate special serial numbers are assigned to the electors entered in each sub-division, a description of the sub-divisions in which the name of the person concerned is entered must also be given here."

The constituency with which we are concerned extends over the Kharar and Rúpar tahsils of the Ambála district. The electoral roll for the constituency was prepared in five parts, each part relating to one or more thanas and having separate serial numbers. Each of these parts consists of two portions, one containing the names of the electors entered without any application and the other containing the names of those who were entered on application. The first of these portions is called 'Juzv Awal' (portion one) and the second 'Juzv Doim' (portion 2). Separate serial numbers were assigned to the electors entered in each of these portions; but the two portions were stitched together. The roll thus consisted of five booklets, and each booklet was made up of two parts with separate fly-leaves. The tenth entry in the nomination paper No. 57 is as follows :—

" + 1054 + one thousand and fifty-four Sikh, Ambála District, Tahsil Rúpar, Thana Morinda, Zail Amráli, village Lutheri ".

The 13th entry is " + 33 + (Thirty three) Part II (by application) Sikh, Ambála District, Tahsil Rúpar, Thana Rúpar, Zail Rúpar, village Sehon Mazra ". There are two objections in regard to the tenth entry ;—

(1) That the description of the sub-division of the electoral roll in which the name of the proposer is entered is not given.

(2) The names of the zail and village have been unnecessarily added.

The 13th entry is free from the first objection, but suffers from the second one. The nomination of the petitioner has been rejected on ground *(iii)* of Rule 2 of Chapter V of Part C of the Punjab Legislative Assembly Electoral Rules. Rule 2 provides that " the Returning Officer shall examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or on his own motion, after such summary enquiry, if any, as he thinks necessary, refuse any nomination on the following grounds ;—

(i) * * * * *

(ii) * * * * *

(iii) that there has been failure to comply with the provisions of Rule 3, Rule 4, Rule 5, or Rule 6 of Chapter III or with the provisions of Rule 1 or Rule 2 of Chapter IV, of this part of these rules,

(iv) that there is reasonable doubt that the candidate or any proposer or seconder is identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer, or seconder, as the case may be ;

(v) * * * * *

Rule 3 of Chapter III requires each candidate to deliver to the Returning Officer a nomination paper " completed in form No. XI appended to the Rules. " The question for decision, therefore, is whether the nomination paper in question was completed in form No. XI or not. The first objection as stated above is that the description of the sub-division in which the name of the proposer is entered is not given. In order to dispose of this objection we have first to decide what the correct description of the sub-division is. The description given on the fly leaf of that part of the electoral roll in which the proposer's name is entered is as follows ;—

Kaum	Sikh.
District	Ambála.
Tahsil	Rúpar.
Thana	Morinda.

Juzv Awal (Baghair Darkhast).

[Part I (without application)].

In the tenth entry in the nomination paper, " Part I " is omitted, but all the other particulars are given. On behalf of the petitioner it is contended that the electoral roll is sub-divided into five parts and that each of the two categories into which each part is further divided, cannot be said to be a separate sub-division of the electoral roll. The point is not altogether free from difficulty. Broadly speaking, it can be said that there are five main sub-divisions of the electoral roll and each sub-division has two further sub-divisions. The foot note does not say whether it is sufficient to mention the main sub-division or it is necessary to specify the further sub-division also. It can be argued that there is a separate sub-division wherever a separate set of serial numbers is used. If this is so, the description of the sub-division given in this

case was certainly incomplete. The question then arises whether it was so incomplete that the nomination should have been rejected on that ground. We are inclined to think that grounds *(iii)* and *(iv)* under Rule 3 quoted above when read together seem to indicate that the object of naming the sub-division is to enable the Returning Officer or any elector to refer to the electoral roll in order that the identity of the candidate, the proposer, or the seconder, as the case may be, may be established. In this case it is not contended that the description given was not sufficient to enable the Returning Officer to refer quickly to the relevant entry in the electoral r ll. The nomination form gives a full description of the booklet or the main sub-division of the electoral roll in which the proposer's number will be found. When the correct booklet is taken up it would not be necessary to refer to Part II because the number will be found in Part I. In fact the proposer's number, namely 1054, is found only in Part I. Part II contains only 72 entries. In the case of the seconder Part II was specified because his number, namely, 33 appeared in Part I as well as in Part II. The names of the village and the zail which have been added would afford a further facility in finding the required number in the electoral roll. If the object of the provision contained in the foot note is, as we understand it to be, it has been fully served in this case. The only point that remains for consideration is whether the provision is a mandatory one and the slightest omission in complying with it is fatal. We are of opinion that, if the provision had been of such a stringent character, it would not have been relegated to a foot note and the word ' sub-division ' would have more clearly defined. There are numerous cases in which it has been held that what is required in such a case is not *meticulous* accuracy but a substantial compliance with the requirements of the law. In the Palamau (N. M. R.) case reported in Hammond's Indian Election Petitions, Volume III, at page 199, there were 16 sub-divisions of the electoral roll, and the nomination paper of a certain candidate did not contain a description of the sub-division of the electoral roll in which his name was contained. The Returning Officer found that there was no doubt as to that candidate's identity even though there were 16 different electors who bore that particular number in the electoral roll. It must have required a considerable search before the relevant entry could be found. Still it was held that there was substantial compliance with the law and the nomination paper was valid. In the Bhandara District Case reported in Khanna's Indian Election Cases, Volume IV, at page 55, it has been observed that the details to be filled in the nomination paper are intended to ensure either the identity or the eligibility of the candidate, the proposer and the seconder and that if no doubts are likely to arise as to the identity of the person concerned by reason of the omission of the name of the sub-division, the omission cannot be considered as a drawback going to the very root of the validity of the nomination paper". In the Ambála division case reported in Khanna's Indian Election Cases, Volume IV, at page 22, it was observed that only substantial compliance with provisions of the footnote was necessary. The constituency in that case covered the whole of the Ambála division. The entry as regards the proposer was 'No. 145, Ward 3,' and as regards the seconder 'No. 127, Ward 3'. These entries gave no indication in what part of the extensive electoral roll the numbers could be found. It was, therefore, held that the entries did not sufficiently comply with the requirements of the Rule. The reason for the decision was that the Returning Officer was not expected to search every part of the electoral roll to trace the relevent entries. The learned counsel for the respondent referred us to the Raipur North Case (Khanna's Indian Election Cases, Volume II, page 231). In that case, the omission to give a description of the sub-division was considered to be a ' highly material one' because it was found that the Returning Officer would not in the ordinary course of matters have certain parts of the electoral roll before him and that the number entered in the nomination paper may conceivably have referred to those parts. There is a general consensus of opinion that in order to invalidate a nomination paper an omission must be a material one. Whether a particular omission is or is not a material one depends on the special facts of each case. In the present case the omission is exceedingly trivial and altogether immaterial. The addition of the names of the village and the zail provides a further facility for tracing the relevant entries. It has not been seriously contended that this addition, even though it is helpful, invalidates the nomination paper. We are clearly of opinion that the nomination of the petitioner was improperly rejected. The result of the election was, thereby, materially affected. We, therefore, recommend that the election of the respondent should be declared to be void.

Is does not appear that the rejection of the petitioner's nomination was at the instance of the respondent. Before us the proceedings have not been unnecessarily prolonged. We, therefore, recommend that the parties should be left to bear their own costs.

SOUTH-WESTERN TOWNS (GENERAL) CONSTITUENCY.

ORDER.

The return of L. Shiv Dyal as a Member of the Punjab Legislative Assembly for the South-Western Towns (General-Urban) Constituency has been called in question by five electors of that Constituency on the ground that the nominations of two other candidates, namely, Lala Chetan Anand and Munshi Hari Lal were improperly rejected. The objection regarding the rejection of the nomination of Lala Hari Lal, Munshi, was not pressed in this petition as it forms the subject matter of a separate petition by Lala Hari Lal Munshi. We shall, therefore, decide in this petition the objection relating to the rejection of Lala Chetan Anand's nomination. The defect found by the Returning Officer, on his own motion, in the nomination papers of Lala Chetan Anand was that the entry against "Constituency on the electoral roll of which the candidate is registered as an elector" contained the words "South-Western Towns Multan City, Tahsil Multán, District Multán, General, Urban" instead of "South-Western Towns (General Urban)." The learned Returning Officer has remarked that the effect of the additional words on his mind was "to indicate that the constituency was not in fact as wide as it is." The question of the extent of the constituency was not a matter for consideration at all. Under paragraph 2, Chapter V, Part C of the Punjab Legislative Assembly Electoral Rules, 1936, the nomination papers could be rejected if there had been failure to comply with the provisions of Rule 3 of

Chapter III of Part C of the aforesaid Rules. That Rule provides that a candidate shall deliver to the Returning Officer a nomination paper completed in Form No. XI. The Rule does not insist on meticulous accuracy in filling in the form. All that is required is substantial compliance with the directions appearing on the form. The additional words used in this case in describing the constituency on the electoral roll of which the candidate is registered as an elector could not create any doubt as to the identity of the constituency. They merely indicated the part of the electoral roll in which the candidate's name was registered.

In the Trihut Division Landholders case (Hammond's Indian Election Petitions, Vol. II, page 265), the name of the Constituency on the electoral roll of which the petitioner was registered as an elector was entered as "Landholders (Tirhut Division, Saran District, Gopalganj Sub-Division)" instead of " Thirhut Division Landholders Constituency." It was held that the misdescription was trivial and should have been condoned. In the Azamgarh case (Election Cases by Hammond, page 97), the entry in the nomination paper was " polling station Khánpur, District Gházipur, Non-Muhammadan, Rural ". The correct name of the Constituency was "Gházipur District Non-Muhammadan Rural". It was held that the addition of the words "polling station, Khánpur" and putting the word "District" before, instead of, after the word "Gházipur" in the name of the Constituency cannot be said to be misleading, because there could be no room for doubt as to the Constituency to which the petitioner intended to refer. The mistake was, therefore, condoned.

There is another case in which the correct name or the Constituency was East Bengal Non-Muhammadan Constituency of the Council of State (Indian Election Petitions by Hammond, Volume III, pages 83 and 84). The entry on the nomination paper was " East Bengal Non-Muhammadan Constituency of the Council of State, Dacca District". It was held that the eddition of the words "Dacca District" did not invalidate the nomination paper as there was no possibility of a mistake arising from the addition.

The respondent was not able to cite a single case in which a defect like the one with which we are concerned in this case was considered to be fatal to a nomination. In fact he conceded towards the end of his arguments that he could not seriously oppose the petition. We are clearly of opinion that the nomination of L. Chetan Anand was improperly rejected and, therefore, recommend that the election of the respondent should be declared to be void.

As for the question of costs, we have to consider that there was a certain amount of carelessness in filling in the nomination papers and that the respondent raised no objection on that ground before the Returning Officer. The proceedings before us have by no means been unnecessarily prolonged. We, therefore, recommend that the parties should be left to bear their own costs.

1. This statement of conditions is issued subject to the provisions of the Colonization of Government Lands (Punjab) Act, 1912, hereinafter referred to as "the said Act" and in pursuance of the provisions of sub-section 2 of section 10 thereof.

2. Tenancies granted in accordance with these conditions shall be deemed to be scheduled tenancies within the meaning of section 4 of the said Act.

3. No person shall be entitled as of right to become a tenant, that is to say, the Punjab Government hereby reserves to itself and retains absolute discretion in the selection of tenants for the land referred to in this statement.

4. In this statement of conditions :—

(a) " the lands " and " the said lands " shall, so far as each separate tenancy is concerned, be deemed to apply to and designate the lands included in that tenancy ;

(b) " the date of the commencement of the tenancy " means the date of the written order referred to in sub-sections (3) and (4) of section 10 of the said Act ;

(c) " Collector " and " Commissioner " shall have the meanings assigned to them in section 3 of the said Act ;

6. The Punjab Government does not grant to the tenant but hereby absolutely excepts and reserves to itself out of and in respect of the said lands, all existing rights to and over all mines and minerals, coal, gold washings, earth-oils and quarries in or under the said lands or any part thereof, together with all easements, heretofore, enjoyed by the Government in respect of the said lands or any part thereof.

7. The tenant shall at all times permit any officer or officers of Government to enter into and upon the whole or any part of the lands and do all acts and things that may be necessary or expedient for the purpose of searching for, working, getting or carrying away any such mines and minerals, coal, gold washings, earth-oils and quarries and for the full enjoyment of the ground and of each and all of the rights hereinbefore reserved to the Government to and over all the mines and minerals, gold washings, earth-oils, quarries and easements in or under the said lands and all parts thereof.

Any land so received in exchange by the tenant shall be deemed to be held on the same conditions and subject to the same obligations as the resumed lands. Provided that no water-course shall be made on a plan or in a position not approved by the Irrigation Department, and that every water-course in use shall be kept in proper repair by the tenant to the satisfaction of that Department.

21. No tenant shall be allotted the same plot of land for two successive periods of tenancy.

22. During the currency of his tenancy the tenant shall form the land entirely in accordance with the directions of the Director of Agriculture and in particular he shall:—

(7) adopt at his own cost such measures as are recommended by the Agricultural Department for the control of insect pests and crop diseases.

23. The Director of Agriculture has, subject to the concurrence of the Collector, full power to terminate the tenancy, should the tenant not cultivate his land in accordance with the provisions of clause 22.

24. The tenant shall not sub-let any portion of the lands without the permission of the Director of Agriculture.

25. The Director of Agriculture shall have the right to purchase all seed produced on the land, at the current market rate, and the tenant shall not dispose of his seed until the Director of Agriculture has refused to purchase it.

Report.

In the case of Major Malik Nawab TALIB MEHDI KHAN,—*Petitioner.*

Khan Bahadur Raja MOHAMMAD AKRAM KHAN,—*Respondent.*

ORDER

The election of Khan Bahadur Raja Mohammad Akram Khan as a Member of the Punjab Legislative Assembly for the Jhelum (Muhammadan) Constituency has been impugned by the rival candidate Major Malik Nawab Talib Mehdi Khan on the ground *inter alia* that the respondent was disqualified from being chosen as and for being a member of the said Assembly under section 69 of the Government of India Act, 1935, because he being the Manager of an estate under the management of the Court of Wards, was the 'holder of an office of profit under the Crown in India' within the meaning of that section. On behalf of the respondent it is contended that he does not hold an office of profit under the Crown in India because his salary is paid out of the funds of a private estate and not out of the general Revenues of India.

The admitted facts are as follows :—

(1) The respondent is a wholetime officer ;

(2) He is in receipt of a fixed salary ;

(3) He was appointed by the Financial Commissioner acting as the Court of Wards and can be removed by the same authority. The Court of Wards is subject to the general control of the local Government ;

(4) The salary of the respondent is paid out of the funds of the estate of which he is the Manager.

On these facts there can be no doubt that the respondent does hold an office of profit. The only question for determination is whether the office can be said to be under the Crown in India ? Mr. Mohammad Munir on behalf of the petitioner contends that a salaried officer whose appointment and removal rest with the executive Government, is the holder of an office of profit under the Crown in India irrespective of the fact that his salary is paid out of private sources. On the other hand Mr. Barkat Ali on behalf of the respondent urges that the chief criterion for the decision of the point at issue is whether the salary is paid out of the general revenues of India or not. The words "office of profit under the Crown" seem to us to indicate that the profit must come from the Crown. It is clearly recognized in Standing Order 33 (Court of Wards) that a Manager of an estate under the Court of Wards though appointed by the Financial Commissioner, falls under a category different from that of Government officials. Rule 11 of that Standing Order provides—

"that if the proposed Manager is a Government servant and is not to undertake the work in addition to his ordinary duties, it will be necessary for him to be transferred to foreign service".

'Foreign service' as defined in Fundamental Rule 9 (7) made by the Secretary of State in Council under section 96 (B) of the Government of India Act means—

"service in which a Government servant receives his substantive pay with the sanction of Government from any source other than the 'General Revenues' of India or from a company working a State Railway".

According to Fundamental Rule 9 (8) the "General Revenues" of India include the revenue allocated to local Governments and exclude the revenues of local funds. It follows that the funds of a private estate under the management of the Court of Wards cannot possibly be said to form part of the "General Revenues" of India. If an Officer who is in the service of the Crown, ceases to be in that service when he is appointed Manager of an estate under the management of the Court of Wards, can it possibly be said that a person becomes the holder of an office under the Crown by virtue of his appointment as such Manager ? An Officer in 'foreign service' cannot possibly be treated as an Officer under the Crown in India even

though he receives his pay with the sanction of Government. In our opinion the main test for determining whether a person holds an office of profit under the Crown or not is the source from which he receives the profit. In the Calcutta South case reported at page 259 of Hammond's Election Cases it was held that the Chairman of the Calcutta Corporation was not an 'official' within the meaning of the Government of India Act, 1915, as his salary was paid out of Municipal Funds, even though he was appointed by Government and could be removed by Government at its discretion. The rule which was interpreted in that case was as follows :—

> "The holder of any office in the Civil or Military Service of the Crown if the office is one which does not involve both of the following incidents, namely, that the incumbent—
>
> (a) is a whole time servant of Government, and
>
> (b) is remunerated either by salary or fees,
>
> shall not be treated as an official for any of the purposes of the Government of India Act."

The language used in section 69 of the Government of India Act, 1935, covers a wider range but the reasoning adopted in that case is not affected by the change. We find ourselves in entire agreement with the conclusion reached in that case. There is one point of distinction between that case and the one before us. The Chairman of the Calcutta Corporation could be dismissed not only at the discretion of Government but also if his removal was recommended by a resolution passed at a special meeting of the Corporation and in favour of which not less than 2/3rds of the Commissioners present at the meeting had voted. This was, in our opinion, an additional reason for holding that he was not an official. The principal reason, according to our view, was that his salary was paid out of Municipal Funds, and not out of the 'General Revenues of India ; Mr. Munir referred us to the Chhota Nagpur Division case (published at page 313 of Hammond's Election Cases) in which it was decided that the Manager of a Court of Wards Estate is an 'official' within the meaning of section 80 (B) of the Government of India Act, 1919, read with the rules prescribed under section 134 of the Act. The grounds for that decision are stated thus :—

> "Rule 2 of the non-official rules under section 134 of the Government of India Act, does not prescribe that the salary shall be paid out of the revenues of the Government of India. Even if it did so, the Manager would not fall within the rule, for there is nothing in the Court of Wards Act which precludes the Government in case of necessity from advancing money for the purposes of paying the Manager and recouping itself from the income of the property. In such a case the Manager could be said to be paid out of the 'General Revenues and the rule even in its restricted sense, would be applicable to him. But in our opinion Rule 2 contains no implied restrictions and prescribes that a Government servant shall be an official whenever he receives his salary from the hand of Government no matter from what source derived".

With all respect, we are unable to agree with this view. If the Government advances money it would be by way of a loan and it could not be said that the Manager was paid out of the 'General Revenues'. The rule under consideration did not prescribe that a person receiving his salary from the hand of Government whatever that phrase may mean, would be an official. It is true that the Manager receives his salary from a Government Treasury but the treasury merely acts as a Banker for the estate. Even the account of a local fund at the treasury is a pure banking account (*vide* Civil Account Code, Volume II, page 95). It cannot, therefore, be said that the Government has any hand in paying the salary of the Manager. For these reasons we are not prepared to follow the decision in the Chhota Nagpur Division Case.

Mr. Munir addressed some arguments to us on the general principle underlying section 69 of the Government of India Act and also in regard to the position of Lambardars and Zaildars with reference to that section but we do not propose to discuss those arguments. We have to interpret the section as we find it with reference to the facts of the case before us. Our interpretation is that the respondent does not hold an 'office of profit under the Crown in India' and we decide accordingly.

(b) " Descendant " means a legitimate male descendant in the male line, but includes an heir appointed under rule 7.

Provided that in the case of failure to carry out the conditions of the tenancy to the satisfaction of the Collector, the Collector may, at any time, for reasons to be recorded in writing, decide that such tenancy shall pass to the person next entitled to succeed on the condition that such person shall pay to the widow maintenance of such amount as the Collector may fix. Provided also that wherever the right of any widow to the tenancy or maintenance has once been determined, such widow shall have no right to maintenance from any subsequent holder of the tenancy.

9. If a tenant dies without leaving him surviving any person who can succeed to the tenancy under the preceding rules, the tenancy shall pass to the person who, according to the rule of primogeniture previously described, would be entitled to succeed to the last preceding male holder of the tenancy who has left any descendant. If there is no descendant of any male holder of the tenancy, the tenancy shall pass to the person who according to the said rule of primogeniture would be entitled to succeed to the last preceding ancestor in the male line of ascent of the first male holder of the tenancy, who has left any descendant.

DRAFT AMENDMENT.

Between the words "Accountant" and "will" occurring in line 2 of rule 3 (*b*) the words "if unconfirmed" shall be inserted.

The 10th February, 1937.

No. 102-L. S.-G.-37/4771.—The following draft of an amendment which the Punjab Government (Ministry of Local Self-Government) propose to make, in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, of the Municipal Account Code, 1930, is published for the information of persons likely to be affected thereby. The draft will be taken into consideration on or after the 30th of March, 1937, together with any objection or suggestion which may be received by the Punjab Government from any person with respect to the draft before that date :—

DRAFT AMENDMENT.

After rule XVI·9 of the Municipal Account Code, 1930, the following new rule shall be added as rule XVI·9 A.

XVI·9 A. Payments towards a policy of insurance may, at the option of subscribers, be substituted for or deducted from subscriptions to the Provident Fund, subject to the following conditions :—

(*i*) Only the amount of subscription with interest thereon, standing at the credit of a subscriber in the Provident Fund may be withdrawn to meet the payment of premia.

(*ii*) If the total amount of any subscription or payment substituted under Rule XVI·9 A, is less than the amount of subscription payable to the fund under Rule XVI·2, the difference shall be paid by the subscriber as subscription to the fund.

(*iii*) The policy to be financed from the Provident Fund shall be the one effected by the subscriber himself on his own life except a "Pure Endowment" policy, which involves no element of risk on life. The policy shall be such as is legally assignable to the President of the Committee.

NOTES.—1. A guarantee policy which ensures the payment of the sum assured in the event of the policy holder being retired by the Medical Board shall be accepted for the purposes of this rule.

A contingent annuity, which, in the event of his death ensures a certain income to the insurant's wife or children or both, shall also be accepted for the purposes of this rule.

2. If a policy of insurance is effected by a subscriber on his own life for the benefit of a sole beneficiary specifically named therein a formal assignment by both the insured and the sole beneficiary shall be permissible. An assignment of a policy effected by a subscriber on his own life for the benefit of more than one beneficiary whether existent or not at the date of the policy shall not, in view of the attendant legal difficulties be premissible under this rule.

(*iv*) The President/Executive Officer shall not make any payments on behalf of the subscribers to Insurance Companies nor shall he take steps to keep the policy alive. If a subscriber certifies every month at the time of preparation of the pay bill that the monthly premium payable by him to the Insurance Company is not less than the amount of his Provident Fund subscription under Rule XVI·2, the President/Executive Officer shall accept the same. He can, however, demand and scrutinize, at any time, the premium receipts or certified copies thereof showing that such payments have actually been made to the Insurance Company. In the event of the insurant's not furnishing the same, the President/Executive Officer, shall make the necessary deductions from the subscriber's pay for deposit in his Provident Fund. Should the subscriber prefer to do so, he may apply for an advance from the Provident Fund for payment of his quarterly, half-yearly or yearly premia.

(*v*) Any sums already at the credit of the subscriber in the fund may be withdrawn for the payment of premia or for the purchase of a single payment of life policy, or at the discretion of the President for the payment of a single premium but the utilization of sums already at credit shall not relieve the subscriber from continuing to make the usual deduction from his current salary within the limits prescribed in rule XVI·2 of these rules whether the amount is to be paid into the fund or towards an insurance policy except when the subscriber is on leave other than leave on average pay.

NOTE.—The amount which may be withdrawn under this clause for payment of a single premium is the amount required to pay a single premium which on receipt by the insurance company at once becomes the property of the Company. A subscriber shall not withdraw an amount from the fund for deposit with the Insurance Company for adjustments towards payments of future premia on his policy. Withdrawals are permissible to finance single payment endowment policies and not merely whole life policies and there should be no objection to the acceptance of a policy on the joint lives of a subscriber and his wife.

(*vi*) A policy shall not be rejected, if—

(1) there is a difference between the amount payable at maturity and death if it occurs earlier ; or

(2) the assured is unable to say what amount precisely will be payable at maturity ; or

(3) the insurant has not been required to be medically examined by the company, or

(4) the amount withdrawn is to meet the premium due for one or more policies, provided they are otherwise acceptable.

(*vii*) (*a*). If a policy assigned to the President matures before the subscriber quits the service, the President shall, save as provided in sub-rule IX (*c*) proceed as follows :—

If the amount assured together with the amount of any accrued bonuses is greater than the whole of the amount withheld or withdrawn from the fund in respect of the policy with interest thereon, the President shall re-assign the policy to the subscriber and make it over to him and he (the subscriber) shall pay to the fund, the whole of any amount withheld or withdrawn with interest accrued thereon.

Explanations.—(1) In the case of articles on which *ad valorem* rates are shown octroi will usually be levied on the local market value of the goods imported (*i. e.*, value at the place of purchase *plus* all charges up to Simla). Bills, invoices or documents of a like nature when exhibited will facilitate the appraisement, but the Municipal Committee reserve to themselves the right to reject any invoice which they consider does not show an approximately correct value. This rule applies to goods imported from overseas as well to Indian products.

(2) Articles comprised partly of dutiable and partly of non-dutiable materials will be charged octroi as if the whole were comprised of the dutiable materials.

(3) Articles comprised of materials on which the rates of octroi differ will be charged octroi at the rate leviable on the most highly assessed component.

(4) When consignments are mixed, and declarations in detail are not produced, or are no available, the whole consignment will be charged on its gross weight or value at th rate leviable on the most highly assessed article contained in the consignment.

(5) Fractions of an eighth of a maund on each individual consignment will be charged as the eighth. For instance 6 seers will be charged as 10 seers and 1 maund and six seers will be charged as 1 maund and ten seers. When the total quantity imported is less than 5 seers the full rate of 5 seers will be levied, unless the duty on 5 seers is less than three pies, in which case such consignment will be free.

(6) The minimum charge on a consignment over - seers shall be 3 pies.

(7) Octroi on articles re-imported after having been repaired shall be assessed at the rate leviable on the articles, on the total cost of the repairs less 25 per cent.

(8) Refunds of octroi on the export of articles on which the rates of octroi have been newly imposed shall not be given for six months from the date on which this schedule comes into force, while in the case of articles on which the rates have been altered, the refund will be given at the old rates for the same period except in the case of pan and cream.

AMENDMENT.

In item (*e*) of bylaw 1, for the words " twenty-five rupees ", the words " six rupees " shall be substituted.

No. 1022-L. G.-37/15607.—With reference to Punjab Government notification No. 102-L. S.-G.-37/4771, dated the 10th February, 1937, and in exercise of the powers conferred by section 240 of the Punjab Municipal Act, 1911, the Governor of the Punjab is pleased to make the following amendment of the Municipal Account Code, 1930 :—

AMENDMENT.

After rule XVI-9 of the Municipal Account Code, 1930, the following new rule shall be added as rule XVI-9-A.

XVI·9 A. Payments towards a policy of insurance may, at the option of subscribers, be substituted for or deducted from subscriptions to the Provident Fund, subject to the following conditions :—

(*i*) Only the amount of subscription with interest thereon, standing at the credit of a subscriber in the Provident Fund may be withdrawn to meet the payment of premia.

(*ii*) If the total amount of any subscription or payment substituted under Rule XVI·9-A, is less than the amount of subscription payable to the fund under Rule XVI·2, the difference shall be paid by the subscriber as subscription to the fund.

(*iii*) The policy to be financed from the Provident Fund shall be the one effected by the subscriber himself on his own life except a "Pure Endowment" policy, which involves no element of risk on life. The policy shall be such as is legally assignable to the President of the Committee.

NOTES.—1. A guarantee policy which ensures the payment of the sum assured in the event of the policy holder being retired by the Medical Board shall be accepted for the purposes of this rule.

A contingent annuity, which, in the event of his death ensures a certain income to the insurant's wife or children or both, shall also be accepted for the purposes of this rule.

2. If a policy of insurance is effected by a subscriber on his own life for the benefit of a sole beneficiary specifically named therein a formal assignment by both the insured and the sole beneficiary shall be permissible. An assignment of a policy effected by a subscriber on his own life for the benefit of more than one beneficiary whether existent or not at the date of the policy shall not, in view of the attendant legal difficulties be premissible under this rule.

(*iv*) The President/Executive Officer shall not make any payments on behalf of the subscribers to Insurance Companies nor shall he take steps to keep the policy alive. If a subscriber certifies every month at the time of preparation of the pay bill that the monthly premium payable by him to the Insurance Company is not less than the amount of his Provident Fund subscription under rule XVI·2, the President/Executive Officer shall accept the same. He can, however, demand and scrutinize, at any time, the premium receipts or certified copies thereof showing that such payments have actually been made to the Insurance Company. In the event of the insurant's not furnishing the same, the President/Executive Officer, shall make the necessary deductions from the subscriber's pay for deposit in his Provident Fund. Should the subscriber prefer to do so, he may apply for an advance from the Provident Fund for payment of his quarterly, half-yearly or yearly premia.

(*v*) Any sums already at the credit of the subscriber in the fund may be withdrawn for the payment of premia or for the purchase of a single payment of life policy, or at the discretion of the President for the payment of a single premium but the utilization of sums already at credit shall not relieve the subscriber from continuing to make the usual deduction from his current salary within the limits prescribed in rule XVI·2 of these rules whether the amount is to be paid into the fund or towards an insurance policy except when the subscriber is on leave other than leave on average pay.

NOTE.—The amount which may be withdrawn under this clause for payment of a single premium is the amount required to pay a single premium which on receipt by the insurance company at once becomes the property of the Company. A subscriber shall not withdraw an amount from the fund for deposit with the Insurance Company for adjustments towards payments of future premia on his policy. Withdrawals are permissible to finance single payment endowment policies and not merely whole life policies and there should be no objection to the acceptance of a policy on the joint lives of a subscriber and his wife.

(*vi*) A policy shall not be rejected, if—

(1) there is a difference between the amount payable at maturity and death if it occurs earlier ; or

(2) the assured is unable to say what amount precisely will be payable at maturity ; or

(3) the insurant has not been required to be medically examined by the company ; or

(4) The amount withdrawn is to meet the premium due for one or more policies, provided they are otherwise acceptable.

(*vii*) (*a*). If a policy assigned to the President matures before the subscriber quits the service, the President shall, save as provided in sub-rule IX (*c*) proceed as follows :—

If the amount assured together with the amount of any accrued bonuses is greater than the whole of the amount withheld or withdrawn from

the fund in respect of the policy with interest thereon, the President shall re-assign the policy to the subscriber and make it over to him and he (the subscriber) shall pay to the fund, the whole of any amount withheld or withdrawn with interest accrued thereon.

If the amount assured together with the amount of any accrued bonuses is less than the whole of the amount withheld or withdrawn, with interest, the President shall realise the amount assured together with any accrued bonuses and shall place the amount so realized to the credit of the subscriber in the fund.

(b) The bonuses which accrue on any policy may be allowed to accumulate with the policy until it matures, but if it is incumbent on the policy holder to withdraw them as they fall due, the amount shall be credited to the subscriber's account in the fund.

(*viii*) A policy, the payment or payments for any premia on which, shall, under this rule, be substituted for subscriptions to the fund or withdrawn from the sum at the credit of a subscriber for the same purpose, and which has not already been assigned to the President of the Committee and delivered to him under this rule, shall within 3 months of such payment or withdrawal be so assigned and delivered as security for the payment contingently of the sum which in the event of lapse of the policy or any assignment, charge or encumbrance thereof or thereon becomes payable by the subscriber to the fund. No payment so made by a subscriber shall be considered as in substitution for any subscription by him to the fund unless and until the life policy shall have been so assigned, and in default of such assignment within three months after such payment or withdrawal, as the case may be, the amount so paid or withdrawn shall forthwith be paid or repaid by the subscriber concerned to the President or shall in default be deducted from such subscriber's pay.

(*ix*) (a) The assignment of a policy under this rule shall be endorsed on the policy and shall be in the following form :—

"I, A. B of———hereby assign unto the President of the ———Municipal Committee the within policy of assurance as security for payment of all sums which under rule XVI·2 of the rules for the management of municipal provident funds I may hereafter become liable to pay to the committee's provident fund" or in the case of of policies o insurance effected by the subscriber for the benefit of a sole beneficiary as follows ;

"We A. B. (the subscriber) of———and C. D. (the sole beneficiary of the policy) of——-in consideration of the President of the———Municipal Committee agreeing at our request to accept payments towards the within policy of assurance in substitution for the subscriptions payable by me, the said A. B. to the committee's provident fund (or, as the case may be to accept the withdrawal of the sum of rupees————from the sum to the credit of the said A. B. in the provident fund for payment of the premium of the within policy of assurance), hereby jointly and severally assign unto the said President the within policy of assurance as security for payments of all sums which the said A. B. may hereafter become liable to pay to that fund.

(b) Save as provided in clause IX (c) the policy shall be re-assigned to the subscriber and handed back to him on quitting his service or on his refunding with the full interest thereon any advances taken from the provident fund for the purpose of paying premia thereon and in the event of his death before quitting the service, a re-assignment shall be executed in favour of, and the policy be handed to the legal representative of his estate as determined by a civil court having competence to pass orders in this respect. Notice of a reassignment shall be sent to the insurance company by the chairman of the board.

(c) If notice has been received by the President of any assignment or attachment of, or encumbrance on the policy, he shall not execute a re assignment of the policy in favour of the subscriber or in the event of his death of the legal representative of his estate as determined by a civil court having competence to pass orders in this respect, until he shall have obtained the orders of the Commissioner.

(x) The following procedure shall be observed in regard to the assignment and re-assignment of life policies :—

(a) When the assigned policy is delivered to the President under clause (viii) it shall be accompained by a certificate from the subscriber to the effect that no prior assignment of the policy exists. The President shall satisfy himself independently that this is the case by direct reference to the insurance company.

(b) Notice of the assignment of policy shall be given by the subscriber to the insurance company and acknowledment of the notice of the insurance company shall be sent by the subscriber to the President within three months of the date of assignment.

2. (*a*) The notice of every meeting under bylaw 1 shall state the place, date and hour fixed for it and shall be signed by the President, Vice-President or Secretary.

(*b*) The notice shall be accompanied by a duly attested list of business to be transacted at the meeting, hereinafter called agenda.

(*c*) The agenda shall include every matter that any member may desire to put to the meeting : provided that a copy of the motion thereon signed by such member and by a seconder is delivered to the Secretary of the Municipal office at least 7 clear days before the date of the meeting.

(*d*) The notice and agenda shall be despatched so that at least one clear day for a meeting that is deemed to be urgent and three clear days for any other meeting shall intervene between the date of despatch and the date of the meeting.

3. Notice of an adjourned meeting shall be given by the Chairman on the spot and the same shall, as soon thereafter as possible, be sent to all members of the committee who are absent, provided that it shall be lawful for the President, or in his absence for the Vice-President, to alter with due notice on an emergency, the place, date or hour of such meeting.

4. All cases on the agenda of a meeting shall be made available in the Secretary's office for the inspection of members, immediately after the despatch of the agenda.

5. No business shall be transacted at an ordinary meeting of a committee unless a quorum of at least one-third of the total number of members is present.

6. In the absence of a quorum the Chairman shall forthwith suspend the proceedings and adjourn the meeting.

7. Every meeting shall commence with a motion by the Chairman that the minutes of the previous meeting be confirmed. Such minutes shall ordinarily be taken as read, but if for any reason they have not previously been circulated to the members they shall be read before they are taken into consideration. Any member who was present at the previous meeting may object to the confirmation of the minutes by moving an amendment on the ground that any matter is not correctly recorded or expressed.

8. The Chairman shall decide all points of order or procedure and his decision shall be final. Whenever he rises, any member speaking shall resume his seat.

9. The items on the agenda shall be dealt with in their order : provided that the Chairman with the consent of a majority of the members present, may vary such order or bring before the meeting any matter not included in the agenda ; provided also that any member not present in the meeting shall have the option of getting any such newly introduced matter re-opened in the next following meeting.

15. If the meeting refuses to obey the ruling of the Chairman on any matter, he may adjourn it at once ; and once he declares the meeting adjourned on this or any other ground, the subsequent proceedings of the meeting or any residue thereof shall be void and shall not appear in the minutes.

24. No motion or amendment shall be withdrawn except with the consent of the meeting.

25. Every motion, resolution or amendment voted on shall be put on the meeting both for and against.

Proviso.—Nothing in this and the following byelaws shall affect the provisions of the rules for the election of the President and Vice-President in force for the time being.

26. Unless a poll is demanded by any member present at a meeting a declaration made at the meeting by the Chairman that a motion, resolution or amendment has been carried or lost shall be sufficient warrant for making an entry to the effect in the minutes. If a poll is demanded by any member present it shall be taken by show of hands and the result of such poll as declared by the Chairman shall be deemed to be the resolution of the committee.

Subject to the provisions of byelaw 9 no decision of a committee shall be re-opened before the lapse of six months after it has been recorded except in compliance with an order of the Local Government or of the Commissioner or of the Deputy Commissioner or with the permission in writing of the president or on a written requisition signed by two-thirds of the total number of members.
